

Homework: Computer Systems and Software – Trello

Problems for homework for the "[Software Technologies](#)" course @ Software University.
Submit this document as your homework.

1. Travel Bucket List

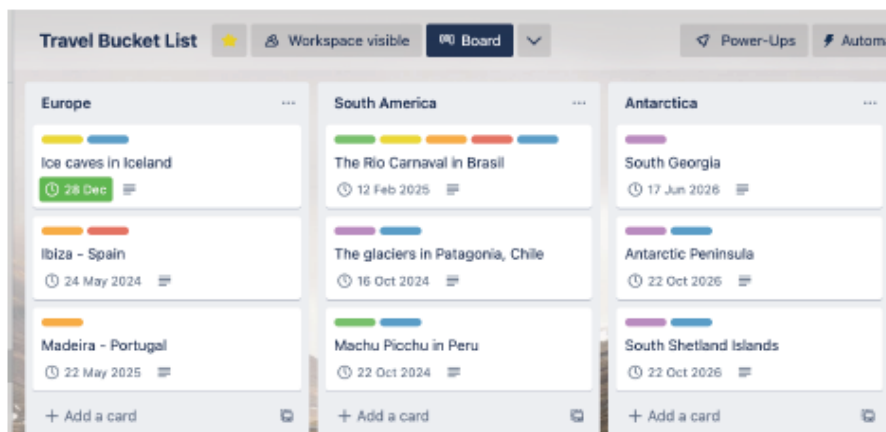

1. Create a new board named "Travel Bucket List". Do not use templates. ✓

2. Add a list for each continent that you want to visit. /Example: Europe, Australia/ ✓

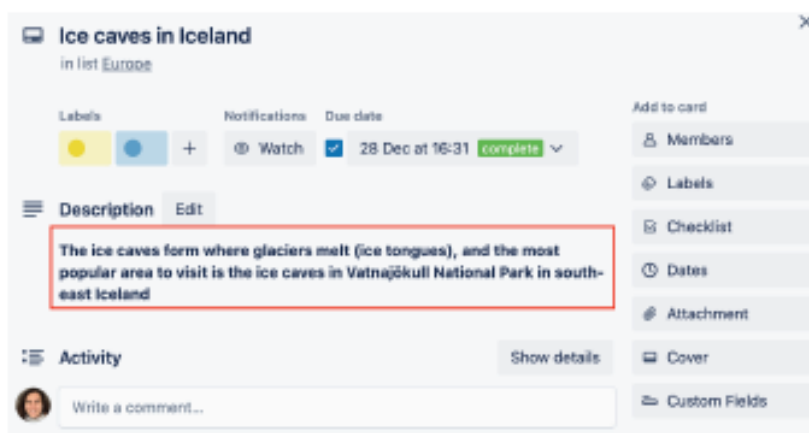

3. Add three cards for each continent list. Each card representing a country or location you want to visit. /Example: List Europe – cards – Paris, Italy, Fishing village in Portugal/. ✓

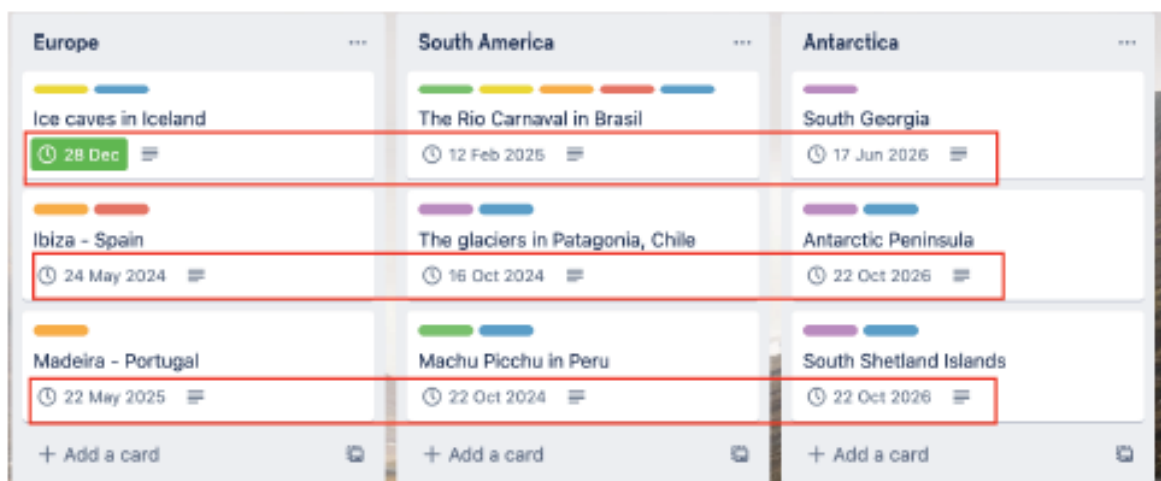

4. Use the label feature to categorize the destinations by type (beach, adventure, culture, hobby etc.). ✓

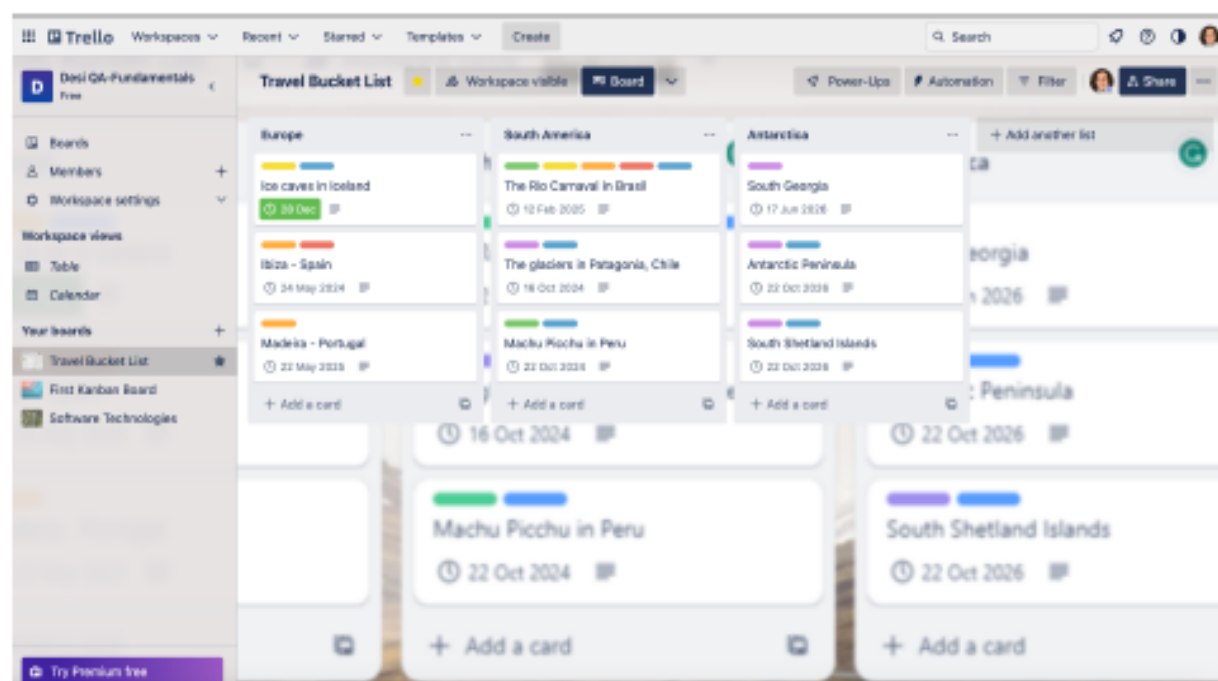

5. Use the description feature to add any must-see attractions and or activities. ✓

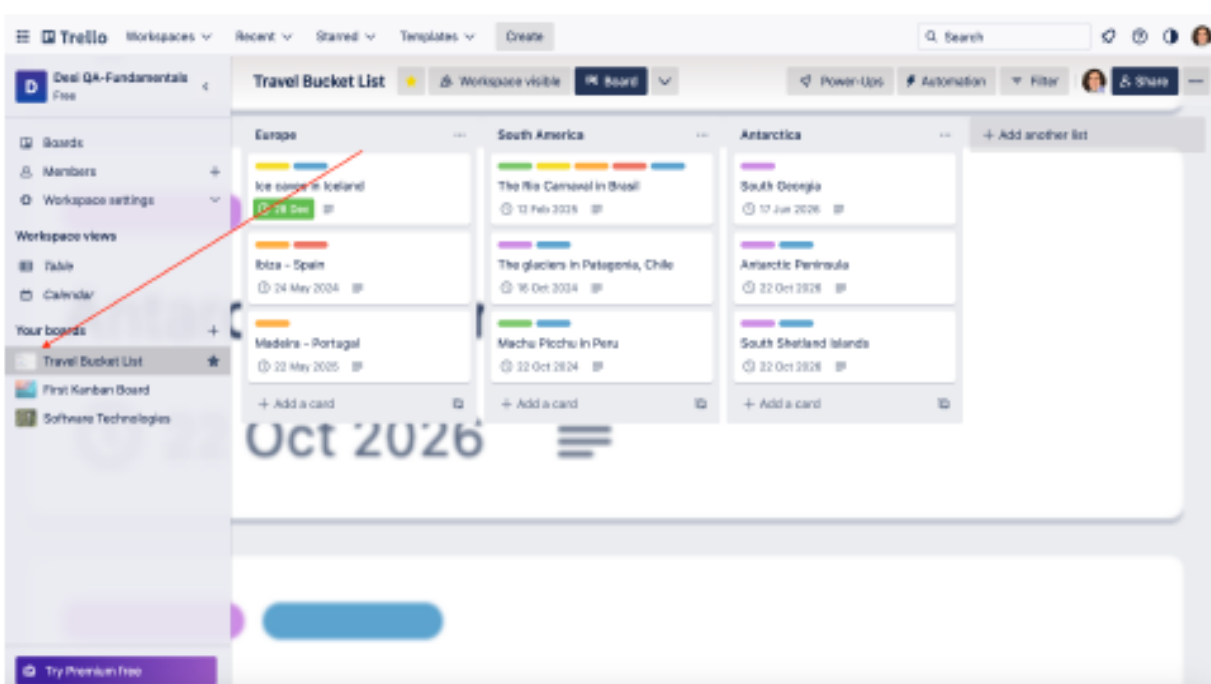

6. Add due dates for each destination you want to visit in the next five years. ✓

7. Delete the example photo, take a screenshot of your board and add it instead. ✓

8. Delete the example photo, take a screenshot of one of your cards, and add it instead. ✓

2. Manage your Daily Tasks

1. Create a new board named "Daily To-Do List" ✓

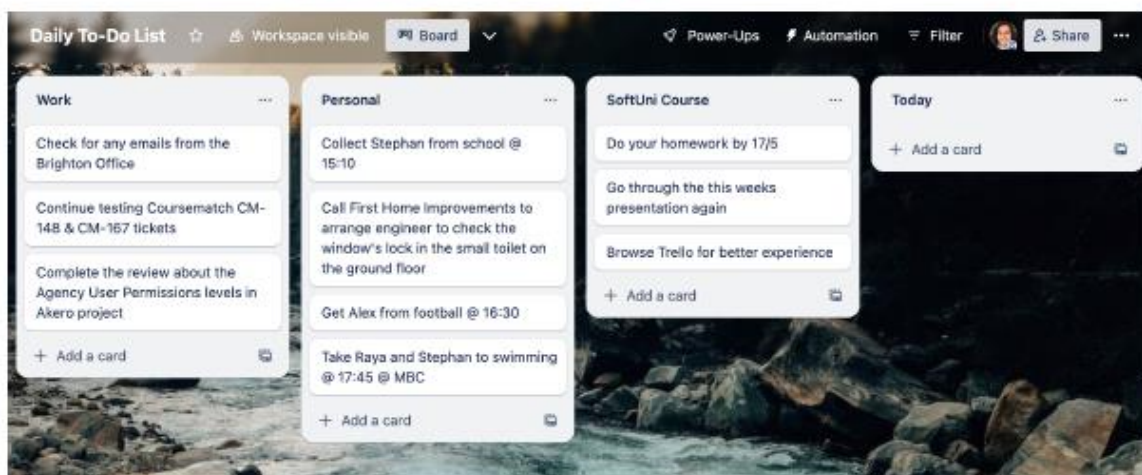

2. Add a list for each category of tasks (work, personal, school, etc.) ✓

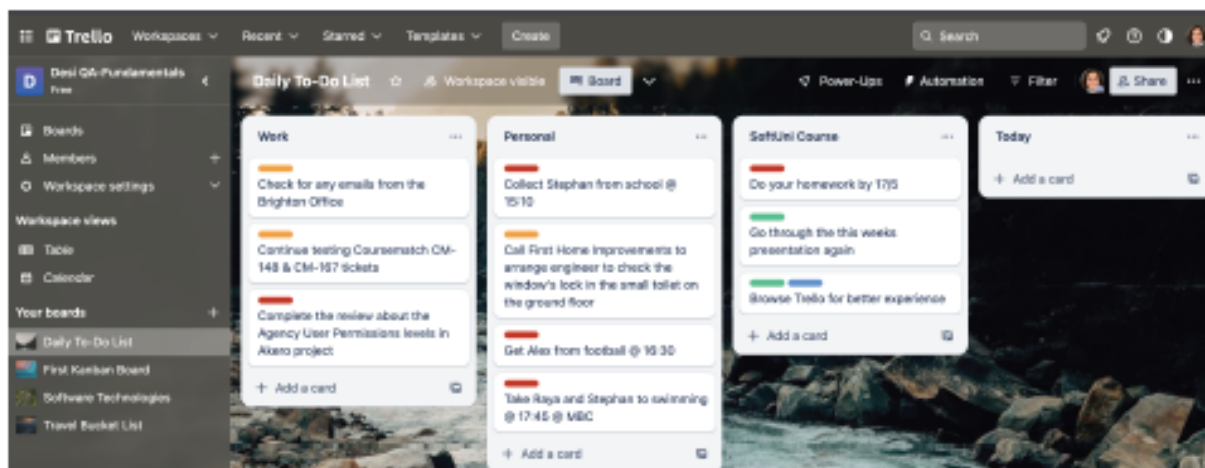

3. Add a "Today" list for your daily tasks ✓

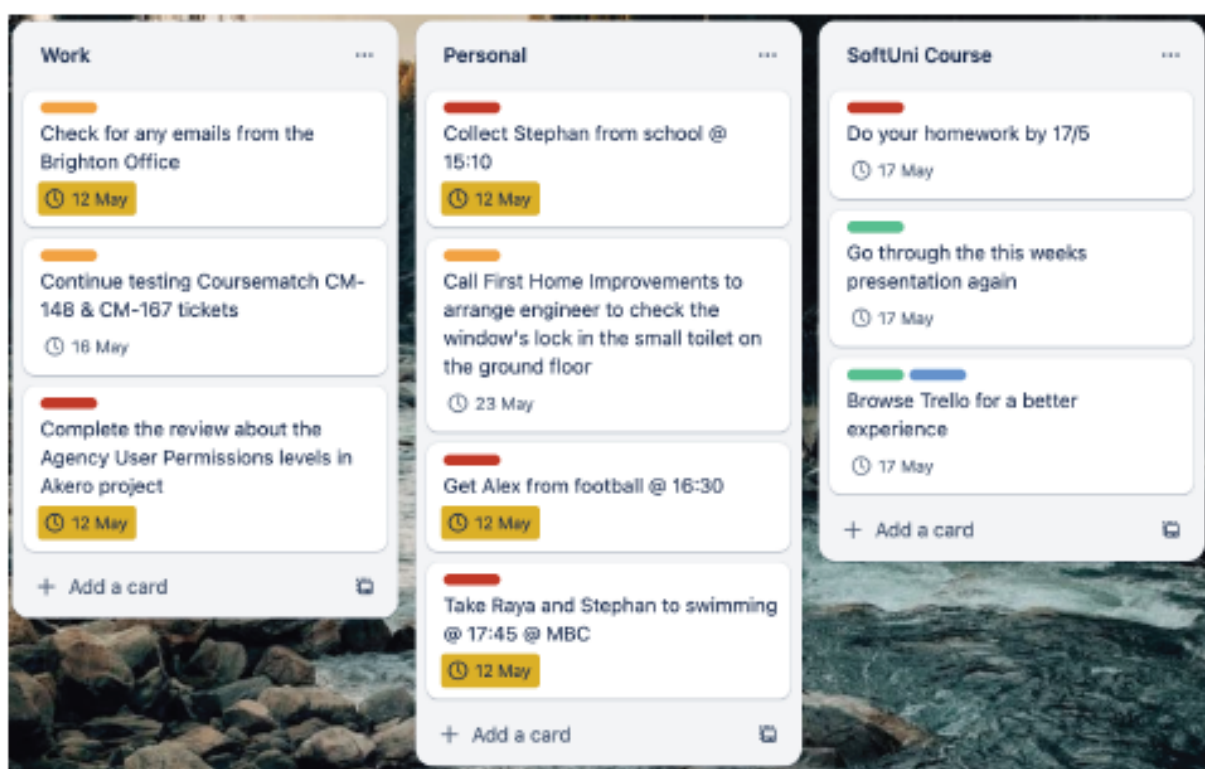

4. Add cards to each list with the tasks you need to complete ✓

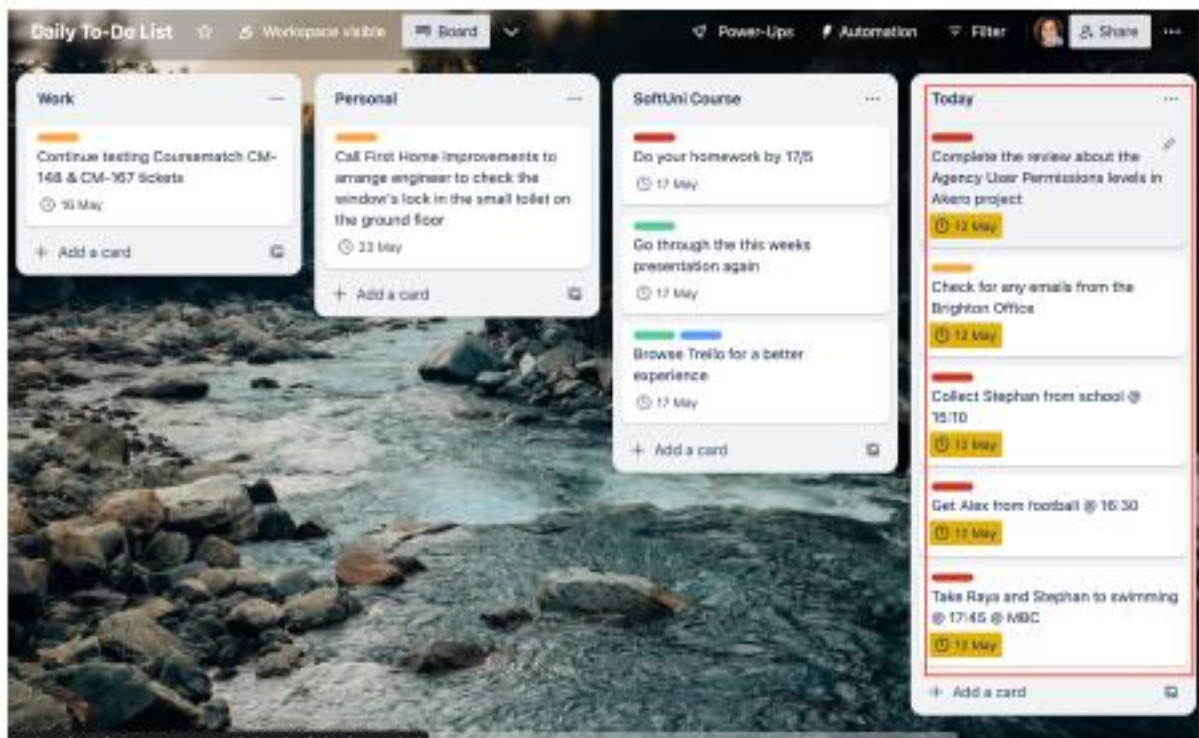

5. Use the label feature to categorize the tasks by priority (high, medium, low) ✓

6. Use the due date feature to set deadlines for each task ✓

7. Move tasks from the category lists to the "Today" list to focus on what needs to be done ✓

8. Use Trello's mobile app to access your to-do list on the go and check off tasks as you complete them ✓

9. Take a screenshot of your board with the lists that you created and add it here. ✓

10. Take a screenshot of one of your cards that you already completed and add it here. ✓
